Humanizing Homelessness

"I don't need a million dollars, just enough for a roof over my head and food in my stomach. It's getting worse and worse everyday... It used to be that the homeless people were just drunks and alcoholics. Not anymore. I know families, young kids out here on the street. It isn't right." - Guy

ReGiftcard Committee

The *ReGiftcard* committee completed the *6ix Days of Holidays* project. Gift baskets filled with purchases from donated gift cards were sent to 6 shelters and homeless services across Toronto! The aim of this project is to show the diverse needs of shelters, and that homelessness is crisis that reaches beyond downtown.

School Initiatives

Cardinal Leger elementary school held a *ReGiftcard* drive and fundraiser, and hosted an assembly addressing the stigma around poverty in Toronto.
