

Suzette John

VOLUNTEER ROLE: MEALS ON WHEELS

STARTED VOLUNTEERING: 2004

What brought you to West NH?

My sister encouraged me. I first started with Meals on Wheels, then with other programs.

What do you enjoy most about your role?

I love it. I go out and see different people. Some people don't have anyone and are lonely. Last week a woman told me I made her day, I love that!

What keeps you volunteering year after year?

The people! It's nice to go out and help someone. The other volunteers are nice too - we laugh and have a good time.

What could you not have anticipated before starting?

How much I'm learning about different people.

What would you like to share with a new volunteer?

Just go in and say "Hi, have a good day." It really makes people happy.
